SINGAPORE TAMIL KITCHEN · FREMONT

OUR KITCHEN STANDARD

Cooked the Singapore Way

Every dish, to the recipe it came with. Here is what that means for you.

We do not modify or substitute

No ingredient swaps, omissions or spice level changes, on any order. Our recipes travelled from Tamil kitchens through the hawker centres of Singapore, and we cook them the way they are cooked at home. That pride is the sole reason for this policy.

Over 100 dishes

All 100% vegetarian, made from scratch. There is almost always one that suits you exactly as it is written.

Ask us first

Tell us what you enjoy and how much heat you like. We will happily walk you through any dish before you order.

Three chutneys & sambar

Coconut, coriander and tomato, with sambar, as standard. Extras are on the menu, so just ask.

98% of the menu under \$15

Full meals, priced the way hawker food is priced back home, so the neighborhood can eat well.

Tell us at the table, not later

If anything is wrong, tell us while you are still here. You can show us, we can explain, and you leave with an understanding or with it put right. We also want your ideas: a dish you want on the menu, or a song from your culture for our playlist. That exchange is the point of a hawker table.

Idly & Vada

Steamed soft, and crisp fried. The gentlest plate we serve, with chutney and sambar.

Full South Indian Thali
